

# VSP<sup>One</sup>® 50% Off Second Pair Program

Take 50% off  
a second pair  
purchased within a  
30-day period.

## Start saving today!

VSP<sup>One</sup> offers you more ways to meet your patients needs for a second pair of glasses.

- Take 50% off a second pair purchased within a 30-day period for your VSP® and private-pay patients.
- Recommend a second pair for computer use, sun, sports, or even to make a new fashion statement.

## Ordering is easy.

Place your orders as you normally do. Be sure to include the following information in the box labeled special instructions.

- The phrase “**50 percent off second pair**”
- The order number for the first pair (VSP authorization number or private-pay laboratory order number)

See the reverse side for terms and conditions.

## Terms and Conditions

- Discount applies to lenses and lens options only. The 50% off second pair policy does not apply to frames.
- Second-pair lenses must include either anti-reflective, polarized, and/or photochromic lenses.
- To qualify for the policy discount, both pairs must be for the same prescription, as follows:

**First Pair:** single vision

**Second Pair:** single vision

**First Pair:** progressive

**Second Pair:** progressive, computer, or single vision

**First Pair:** multifocal

**Second Pair:** multifocal or single vision

- First and second-pair orders must be placed within a 30-day period to qualify for the discount.
- When the first pair is covered under the patient's VSP benefits, the discount will apply to the second pair of lenses (the private-pay pair).
- When both pairs are private-pay orders, the discount will apply to the lower-priced lenses.
- All other discounts and special pricing arrangements are excluded from this program.
- The total discount may not exceed 50% off the list price.
- Discount will be applied to the second pair's job invoice.
- Orders must be placed through VSP**One** Optical Technology Centers.

For additional information, please contact your VSP**One** account representative or your regional VSP**One** Optical Technology Center.
